Remarks:

Spectacular 5 bed, 4.5 baths house in Skylake. Secluded on a Cul d'sac and surrounded by lush vegetation. This one story home was completely remodeled, and tastefully done in 2014, is ready to move in. Large driveway will allow parking up to 6 cars, infinity pool in a beautiful forest-like garden, ample kitchen with s/s appliances, designer lighting throughout the interior, electric generator, maid's quarter, impact windows, gas piped kitchen, shed with a split a/c unit used for artwork or a gym. It's a most see, it won't last.
